Dear Sir,

I have in my possession a document issued year 1876? at Constantinople by the Turkish Government.
From Mother I get the following particulars.
Bearing the Turkish Government crest it is thought to be a special passport & was granted only after representations had been made by the British Ambassador. Holding this permit enabled a relation (I believe Grandfather), commanding the vessell "Canada Belle" which conveyed supplies for the troops, to pass unmolested thru the Dardenelles into the Black Sea.
It would be interesting to have a translation of this Document & would appreciate your kind help if you could please give me any information where it would be possible to get this done.
I would be glad to submit it for your inspection.

In anticipation,

I remain.

Yours truly

George G. Lindsell Major

Mr. C. C. T. Major,

476 Grace Street,

Toronto.

Dear Sir:

I think it is probable that Professor Benzinger of our Oriental Department will be able to translate for you the Turkish document that is in your possession. If you send it to my office I will ask Dr. Benzinger to look at it.

Yours sincerely,

President.
